

PRODUCT SAFETY TECHNICAL DATA SHEET

Compilation Date: 24/07/2018
Revision No. 5 Date: 10/12/2019
Page 1 of 4

Section 1: Product Details

Product name: IdeaPaint Project

Relevant identified uses of the substance or mixture and uses advised against

Identified use: Dry Erase & Projection surface on smooth surfaces such as internal walls.

Details of the supplier of the safety data sheet

Manufacturer: ICP Building Solutions Group / IdeaPaint
150 Dascomb Road
Andover, Massachusetts 01810

Telephone: 978-623-9980

Website: www.ICPGROUP.com

Emergency telephone number

In case of emergency, call ChemTel: 800-255-3924

Section 2: Hazard Identification

Classification according to Regulation (EC) No. 1272/2008 (CLP)

Not classified

2.2 Label elements according to Regulation (EC) No. 1272/2008 (CLP)

Hazard pictogram(s): None

Signal Word: None

According to Regulation (EC) No. 1907/2006 (REACH)

Hazard Statement(s): None

Precautionary Statement(s): None

Supplemental Hazard information (EU): None

Section 3: Composition

Paper backed, Polymeric Coated film of Polyethylene Terephthalate - CAS 25038-59-9

Packaging

Recycled Paper Box - 127cm X 17cm X 17cm (rectangular box)

Product Dimensions

Width 122cm

Weight 335 GSM

Finish White Low Sheen

Section 4: First Aid Measures

General: No known cases of human poisoning:

Inhalation: Not considered a potential route of exposure

Skin Contact: If molten material gets on skin, cool affected area with cold water. Obtain medical treatment.

Eye Contact: Not considered a potential route of exposure, Seek medical advice if problems arise

Ingestion: Not considered a potential route of exposure, Seek medical advice if problems arise

Section 5: Fire Fighting Measures

Fire Rating

Reaction to Fire Classification:

Euroclass B – s1, d0

ASTM E84 Class A

Suitable Extinguishing Media

Foam, Carbon Dioxide (CO₂), Dry Chemical, Water

Specific Hazards Arising from the substance

Burning releases hazardous gases such as carbon monoxide, carbon dioxide and small amounts of aldehydes and alcohols.

Advice for Fire Fighters

Wear self-contained breathing apparatus

Section 6: Accidental Release Measures

Personal precautions protective equipment and emergency procedures

For emergency responders not applicable for the product in its solid form

Environmental precautions:

Waste material should be recovered or disposed of in a safe manner; according to local regulations:

Section 7: Handling and Storage

Precautions for handling:

The material has sharp edges which can cause cuts to skin, wear protective gloves.

General Occupational Hygiene:

Workers should wash hands and face before eating or drinking. Remove protective wear before

eating or drinking

Storage

Store in a cool dry place away from sources of ignition.

Storage class: 11 Flammable Solids

Stability Conditions: Stable when stored under normal storage conditions.

Shipping- Do not stack more than eight levels for pallet transport

Section 8: Exposure Controls / Personal Protection

Engineering Measures

Take precautionary measures against static discharges.

Provide ventilation to keep dust below occupational exposure limits.

Eye protection should be used where a project specific risk assessment indicates it is necessary

Hand protection should be used at all times

General Protection according to local regulations

Respiratory: No special equipment normally required

Section 9: Physical and Chemical Properties

Form: Solid Film

Color: White

Odor: None

Flash Point: 400oC

Boiling Point: N/A

Melting Point: 100oC

Density: 1.2 - 1.6g/cm³

Section 10: Stability & Reactivity

Chemical Stability: Chemically stable under normal conditions

Conditions to Avoid: Naked Flame or sources of ignition

Materials to Avoid: Keep away from strong acids and oxidizing agents

Hazardous thermal decomposition products: Decomposition products may include the following: Carbon Monoxide (CO), Isocyanates, Carbon Dioxide (CO₂) and Nitrogenous gases

may evolve during combustion.

Section 11: Toxicological Information

Further Information: This material is not classified as dangerous no detrimental effects are known there is no data available on the material.

Section 12: Ecological Information

Further Information: Not known to be harmful to the environment

Section 13: Disposal Considerations

Waste Treatment Methods: Material and packaging such as cardboard should be recycled. All other waste materials should be disposed of in accordance with local regulations.

Section 14: Transport Information

This product is classified as non-hazardous and therefore does not require any special handling.

Land Transport ADR / RID / GGVS - Not Dangerous Goods

Inland Marine Transport ADNR / GGVB - Not Dangerous Goods

Marine Transport IMDG/UN - Not Dangerous Goods

Air Transport ICAO / IATA / DGR - Not Dangerous Goods

Section 15: Regulatory Information

Labelling According to EU Directive: This product is not subject to classification according to EU directives.

Section 16: Other information

The information provided is correct to the best of our knowledge at the date of publication
